(Does not allow access to individual images.)
- All files in low-resolution (for posting on Facebook, etc..) - \$150
- 4x6 proofs of all finished images - \$195

Pricing made simple.

I have a minimum of \$2900. That includes whatever is spent on the engagement portrait, the bridal portrait and the wedding. Add it all up - including the mothers' and all the rest of the orders - and it needs to be \$2900 or more. It does not matter how you get to that amount or who orders what.

Get what you want, not what is in the package.

How much are the digital files?

They could be free... Full resolution digital files are on a sliding scale. The more you purchase, the less expensive the digital files become. This includes purchases from the engagement and bridal sessions as well as everything purchased from the wedding.

<u>Spend</u>	<u>For all the files</u>
\$7000	Free
\$6000	\$500
\$5000	\$1000
\$4000	\$1500
<\$3000	\$2000
